JACKSON ESTATE®

Napa Mountain

2013 CABERNET SAUVIGNON
MOUNT VEEDER

Jackson Estate wines showcase our cherished vineyard estate properties located on rare, coastal California terroir of mountain tops, ridges, hillsides and raised benchland soils. This limited release allows our winemakers to emphasize the extraordinary terroir of our unique properties and craft very small lots for refined palates.

NAPA MOUNTAIN

Mount Veeder is the largest AVA and one of only five mountain appellations within Napa Valley. The bay breezes cool the mountain, resulting in a Bordeaux-like climate. Harvest is usually the last in the valley, sometimes stretching into November. Because of these chilling conditions, the region produces Cabernet berries that are abnormally small, resulting in intense concentrated flavors and extremely dark color.

KEY POINTS

- Elevation:** 1240-1826 feet
- Soil:** Weathering volcanic rock that builds the shallow, igneous rock and loam, laced with gray volcanic pumice outcroppings.
- Climate:** Cooler due to elevation and lower Napa Valley location. Mediterranean climate influence from the San Pablo and San Francisco Bays.
- Profile:** Inky/purple color. Deeply aromatic with blue and black fruit tones and mineral notes. Well extracted, rich layers, with chewy tannins and a luscious long finish. Extremely youthful and very ageworthy.
